Introduction

قَالَ رَسُولُ اللَّهِ (صَلَّى اللَّهُ عَلَيْهِ وَآلِهِ وَسَلَّمَ): خِيَارُكُمْ مَنْ تَعَلَّمَ الْقُرْآنَ وَعَلَّمَهُ إِلَى غَيْرِهِ .

The Holy Prophet (s) said:

The best of those amongst you are the ones who learn the Qur'an and then teach it to others.

First of all, let us all thank Allah(swt) for giving us this opportunity to learn the Holy Qur'an and let us seek His help to continue on this path and attain success in the endeavor.

Alhamdullilah this course has been rolled out for more than five years now and more than 3000 participants aged between 7yrs to 73yrs have attended the course and benefited from it.

This course enables one to learn the Qur'anic Arabic in a way that one does not feel the need to look at the translation while they recite the Holy Qur'an. If someone completes this course successfully then they can easily understand almost 68% of the Holy Qur'an while they recite it.

Let us understand how the course works.

Total No of Ayat : 6236

Title	Approx. With Repetition	Approx. Without Repetition
Total No. of words in Quran	77,797	7000
Total No. of words which are being repeated more than 10 times	63,548	1000
Percentage	82%	16%

There are approximately 78,000 words in the Holy Qur'an, of which, less than 2,000 words are unique words and the rest of the words are repeated words.

In this course, a person will learn more than **1,000 words**, of which 750 words are the commonly repeated words.

The 1,000 words in this course, sum up to approximately 61,000 of the 78,000 total words of the Holy Qur'an. That means a person who completes this course, will successfully learn close to 60% of the unique words and close to 78% of the total words used in the Holy Qur'an.

This course consists of **32 lessons**. Each lesson consists of *a Word list, an Exercise, and Translation of Verses*.

	Approx. Words	Percentage of Quran
16 Lessons	50,000	65%
32 Lessons	61,000	78%

We understand that in this busy world not everybody has a lot of time on their hand and this is the most beautiful part of this course that one can move at their own pace of learning, without feeling the pressure to complete the course in a hurry to stay with the group.

Based on our experience we recommend that one should proceed at the speed of ONE lesson per week. There is no Hurry!. Quality is more important than quantity. However, if you have more time at hand then you can proceed at a much faster pace.

Method of the Course

1. Memorize the words – The first step is to go through the word-list of each lesson and memorize the words in it.
2. Practice the exercise – Practice the lesson until you feel confident with it.
3. Translate the verses – And Finally, answer the translations of the verses.
4. Proceed to the next Chapter.

InshAllah if Allah wills, and with His blessings, you should be able to complete the full course and be able to recite the Holy Qur'an without having to depend on the translation.

Lesson One – Allah’s Signs

English	Arabic
Sign	آية
Signs	آيات
Dust	تُرَاب
Day	نَهَار
Difference	إِخْتِلَاف
Earth	أَرْض
Allah	الله
Languages	أَلْسِنَة
Colors	أَلْوَان
Name	إِسْم
Creation	خَلْق

Beneficent	رَحْمَن
Merciful	رَحِيم
Heavens - Skies	سَمَآوَات
Sun	شَمْس
Moon	قَمَر
People	قَوْم
Night	لَيْل - لَيْلَة
Believers	مُؤْمِنِينَ - مُؤْمِنُونَ
This - That	ذَلِكَ
You all ¹	كُم
He - His - Him - It	هُ - هِ - هُ
And	وَ
With - In	بِ

¹ In the translation of pronouns we will use the word "All" to point to the fact that it is a plural pronoun. And a pronoun without "all" is the singular one. For example: "You all" means "Second person plural", while "You" would mean "Second person singular".

From	مِنْ
Certainly	لَ
For	لِ ²
In	فِي
That	أَنَّ
Certainly	إِنَّ
(He) ³ created	خَلَقَ
They ⁴ reflect – They ponder	يَتَفَكَّرُونَ
They apply reason	يَعْقِلُونَ

² When “لِ” is joined with a pronoun, (similar to ‘لِ’ which is used for emphasis), “لِ” also takes a fat’ha “لِ”, however the meaning does not change and remains as “For”.

لِ + هُ = لَهُ For him

لَهُ , لَهَا , لَهُمَا , لَهُمْ , لَكَ , لَكُمَا , لَكُمْ , لَنَا

³ “He” is a pronoun that points to a person in the text who is the doer of the action.

⁴ Here “They” is a pronoun which points to persons who are the doers of the action. As in the following verse

إِنَّ فِي ذَلِكَ لَآيَاتٍ لِّقَوْمٍ يَتَفَكَّرُونَ

"يَتَفَكَّرُونَ" means (They) ponder, and “they” points to قَوْمٍ, thus the translation is “the people who ponder”.

Attention!

آيَاتٍ	لَ	ذَلِكَ	فِي	إِنَّ
Signs	Certainly	That	In	Certainly

In the above Ayat there are two particles of emphasis لَ and إِنَّ, in an Ayat where the article of emphasis is repeated, it's not necessary to translate both of them, like in the above ayat the translation would be “*certainly in that certainly (are) signs*”.

It is sufficient to translate just one of them “*Certainly in that (are) signs*”.

Hence every ayat that begins with إِنَّ it's not necessary to translate the other article of emphasis in that ayat. But it must be kept in mind that Allah swt has put extra emphasis on certainty in such verses.

3 – Please translate the short phrases.
